

Manufacturer Declaration

Siemens AG Industry Sector Building Technologies Division

Product: Burner Management System LMV2.../LMV3...

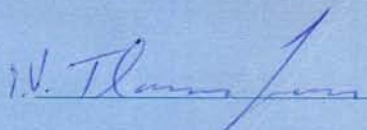

Approval: EN298/EN230/12067-2

Application: Burner Management System for gas and oil firing systems with integrated air-fuel ratio control.

Burner Management System LMV2.../LMV3... is dedicated for use in safety relevant systems up to SIL3.
The suitability within a subsystem has to be evaluated in connection with various linked components.

Parameter as per IEC61508: $PFH_D = \lambda_D = 1.8 \cdot 10^{-9}$
