

## Manufacturer Declaration

Siemens AG  
Industry Sector  
Building Technologies Division

Product: Actuators SKPx5... for gas  
Gas valves VG...

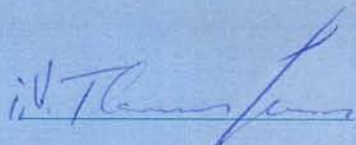

Approval: EN161, EN88-1, EN12067

Application: Safety shutoff valves and pressure controllers for gas  
burner controls.

Actuators / gas valve combinations are dedicated for  
use in safety relevant systems up to SIL3.  
The suitability within a subsystem has to be evaluated  
in connection with various linked components.

Parameters as per EN13849:  $MTTF_D = 150$  years  
 $PFH_D = \lambda_D = 7.61 \cdot 10^{-7}$
