

Manufacturer Declaration

Siemens AG Infrastructure & Cities Sector Building Technologies Division

Product: Pressure switch QPL... for gas to EN 437 and air

Approval: EN 1854

Application: Pressure switch for gas burner controls.

Pressure switch are dedicated for use in safety relevant systems up to SIL3.

The suitability within a subsystem has to be evaluated in connection with various linked components.

Parameters as per EN13849: $MTTF_D = 150$ years
 $PFH_D = \lambda_D = 7.61 \cdot 10^{-7}$
