Enhanced energy efficiency through optimal adjustment of the blinds

Venetian blind actuators N 523 for North America (UL/CSA)

Approval acc. to UL and CSA

The N 523/CB04 Venetian blind actuator is especially tailored for the North American market. It is also UL and CSA approved. It is possible to individually control four Venetian blind drives with 120 V AC.

Efficient solar protection systems

This Venetian blind actuator is suitable for controlling solar protection systems in combination with the AP 257/22 weather station. Also available are objects and parameterization options for controlling the louvres and Venetian blinds to achieve optimum shading effects for a building.

Highlights

- UL listed (E173174), UL 916, Open Energy Management Equipment
- CSA certified
- Smooth adjustment of solar protection and louvres positioning
- Bus and direct operation, possible to switch between automatic and manual mode
