Multifactor Iris Recognition Biometric Reader

Multifactor Iris Recognition Biometric Reader

- Problem 3
- Solution 4
- Best Practice 5

Problem at Hand

Today's Iris Scanning Challenges

- Ease of use
- Reliable, quick recognition
- Scalability
- Ability to tie into existing security systems

Reliable Physical Security Cannot be Compromised

Solution

- Secure, Fast, Easy to Use
- Auto Focus Dual Iris Capture
- Optional Card, Pin Options
- Highly Scalable Solution
- Interfaces with Existing Access Control Security Solutions
- Identification from 14 Inches away in 2 Seconds

Secure and Positive Authentication

Best Practice

- Secure, Fast, Easy to Use
- Auto Focus Dual Iris Capture
- Optional Card, Pin Options
- Highly Scalable Solution
- Interfaces with Existing Access Control Security Solutions.
- Identification from 14 Inches Away in 2 Seconds
