

Safety Switch Counter Display Now Released for Sale!

We are pleased to announce that a safety switch counter display has been developed and is now released for sale. It is 24" wide and 30" inches high and provides mounting for a customer supplied 30A fusible, Type 1 or 3R Heavy Duty Safety Switch. It is supplied with mounting feet for counter mounting but can also be mounted to a wall. It is in stock in both the Columbus and La Mirada warehouses and can be ordered like any other catalog number in MG3 code N3H or Market Builder co-op funds can be used.
