# 1 Foreword

This document is applicable to the following products:

SICAM TOOLBOX II

## Purpose of the Document

The tool CAEx II can only be installed and used under MS Windows XP or MS Windows Server 2003.

The periodical automatic installation of Windows updates might impair the correct functioning of CAEx II.

This document is an exemplary guide, how you can download and install a required hotfix from the official Microsoft Homepage.

## Target Group

System engineers who want to use CAEx II under the operating system MS Windows XP or Windows Server 2003.

# 2 MS Windows Hotfix, Overview

Basically, the tool CAEx II can only be installed and used under MS Windows XP or MS Windows Server 2003.

For the correct functioning of CAEx II, following hotfixes are available:

<http://support.microsoft.com/kb/2785487/en-US>

# 3 Downloading and unzipping the Hotfix

- Click on the required link, see also Chapter 2, MS Windows Hotfix, e.g.:

<http://support.microsoft.com/kb/2785487/en-US>

- Click on

- Click on *Accept*

The content language of this site is depending on your location.

- Follow the instructions on this page

## Hotfix-Anfrage

### Wichtig

- Ein Hotfix behebt ein bestimmtes Problem.
- Wenden Sie den Hotfix nur bei Systemen an, bei denen dieses Problem auftritt.
- Wenn Sie einen ungeeigneten Hotfix installieren, kann dies Ihr System beschädigen.
- Falls Sie nicht sicher sind, ob ein Hotfix wirklich für Ihr System geeignet ist, sollten Sie ihn nicht installieren.
- Hotfixes werden oft in späteren Service Packs zusammengefasst und können von der [Microsoft Update-Website](#) installiert werden.

### 1 Hotfix auswählen

In dieser Tabelle finden Sie Hotfixes für folgende Plattform und Sprache.

Plattform: **x86**  
Sprache: English

[Hotfixes für alle Plattformen und Sprachen anzeigen \(57\)](#)

[Weitere Informationen anzeigen](#)

Auswählen	Produkt	Sprache	Plattform	Fix
<input checked="" type="checkbox"/>	Windows XP	English	x86	Fix419003
<input type="checkbox"/>	Windows Server 2003	German	x86	Fix420959

### 2 Hotfix per E-Mail anfordern

Ein Link zu diesem Hotfix wird Ihnen per E-Mail zugeschickt. Microsoft setzt sich möglicherweise mit Ihnen in Verbindung, sollte der Hotfix zurückgerufen werden.

E-Mail-Adresse:

### Step 1

- Select your Operating System

If you cannot see the respective language of your Operating System, perform the following steps::

- Click on *View Hotfixes for all Platforms and Languages*
- Select your Operating System

## Step 2

- In the field *E-Mail-Address* enter your E-mail Address
- Repeat this action in the field *Confirm E-Mail-Address*

- Enter the character sequence in the field below

In case of problems when entering the characters, repeat this action. There is also the possibility to hear the character sequence by clicking on *Audio*

**Geben Sie die Zeichen aus dem Bild oder die angesagten Zahlen ein.**

Geben Sie die Zeichen ein, die Sie sehen.  
[Neu | Audio](#)

- Click on *Request for Hotfix*

The requested hotfix will be sent to the given e-mail-address soon.

- Open your mail program

You received an e-mail from *hotfix@microsoft.com* with the subject *Requested Link to Hotfixdownload*

The hotfix requested by you is stored on an http-site. You can download this hotfix from this site. Please note that the link is not provided via e-mail.

- Click on the link at the bottom of your e-mail under *Location* , e.g.:  
[http://hotfixv4.microsoft.com/Windows%20XP/sp4/Fix419003/2600/free/456077\\_ENU\\_i386\\_zip.exe](http://hotfixv4.microsoft.com/Windows%20XP/sp4/Fix419003/2600/free/456077_ENU_i386_zip.exe)

- Save the file by clicking on *Save*:

- Enter the folder for the file download and click on *Save*

Now you have downloaded the file successfully. In the next step you will unzip the ZIP-file.

- Open the folder with the downloaded file.
- Open the file by double click

It might be possible that you must be logged on with administrator privileges. In this case

- Select the file *456077\_ENU\_i386\_zip.exe* (example)
- Press the right mouse to open the context menu:

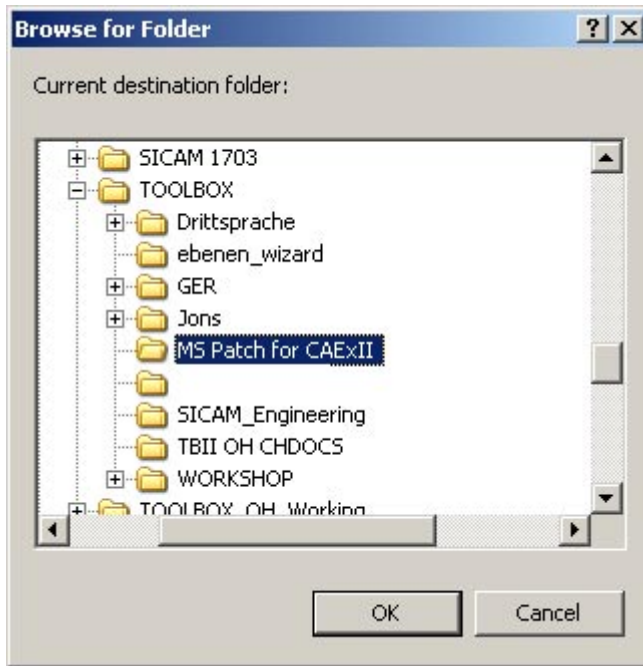

- Click *Run as...* and select *Administrator*

- Click *Continue*

- Select a folder where to store the zipped files. To do so,
- Click on 

- Click *Ok*

- Click *Ok*

- Click *Ok*

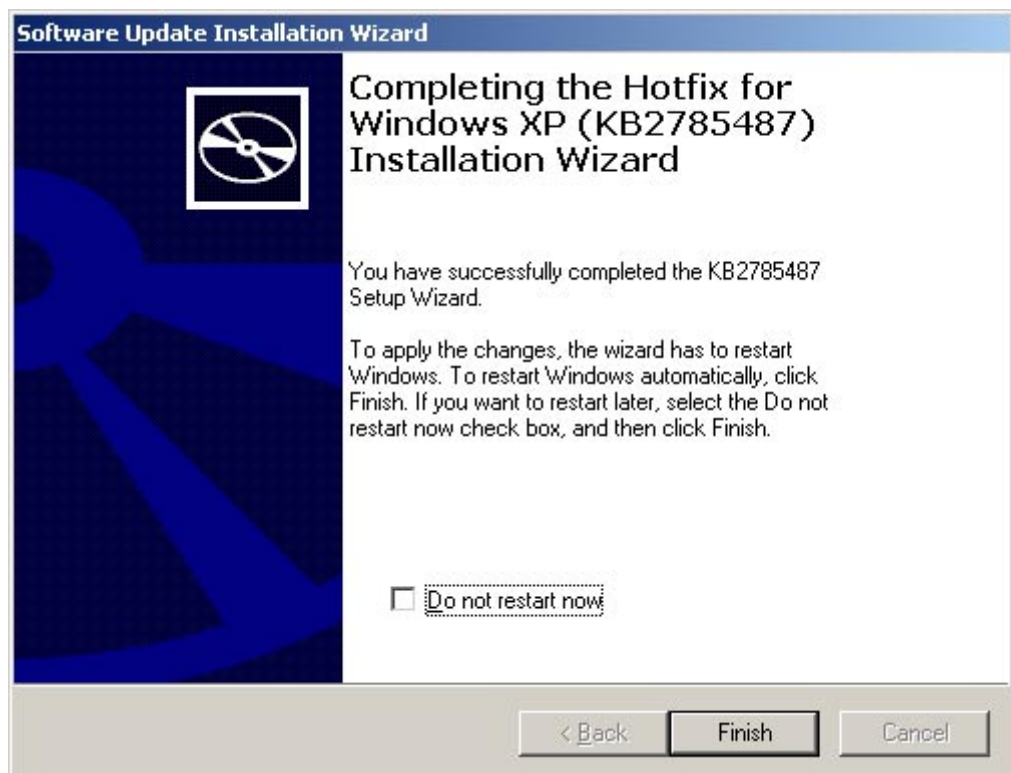

## 4 Installing the Hotfix

You have downloaded and unzipped the hotfix successfully. Now install the hotfix on your SICAM TOOLBOX II-computer.

- Open the folder with the unzipped file. in dem die heruntergeladene Datei sich befindet.
- Open the file by double click

It might be possible that you must be logged on with administrator privileges.

Now follow the instructions of the Installation Wizard.

- Finally, click *Finish* to complete the installation and to reboot your computer.
