

Readme-OSS

Open Source Software used in the product SICAM T, SICAM MMU, SICAM P, SICAM I/O, SICAM AI, SICAM RTD and SICAM Q

The product contains, among other things, Open Source Software, as defined below, developed by third parties and licensed under an Open Source Software license. These Open Source Software files are protected by copyright. Your rights to use the Open Source Software beyond the mere execution of Siemens' program, is governed by the relevant Open Source Software license conditions.

Your compliance with those license conditions will entitle you to use the Open Source Software as foreseen in the relevant license. In the event of conflicts between Siemens license conditions and the Open Source Software license conditions, the Open Source Software conditions shall prevail with respect to the Open Source Software portions of the software. The Open Source Software is licensed royalty-free (i.e., no fees are charged for exercising the licensed rights, whereas fees may be charged for reimbursement of costs incurred by SIEMENS).

A list of the Open Source Software programs contained in this SICAM T, SICAM MMU, SICAM P, SICAM I/O, SICAM AI, SICAM RTD and SICAM Q the Open Source Software licenses are available in this document.

Furthermore the license conditions can be found at the following internet websites:

<http://pajhome.org.uk/crypt/md5/index.html>

Warranty regarding further use of the Open Source Software:

SIEMENS provides no warranty for the Open Source Software programs contained in this product, if such programs are used in any manner other than the program execution intended by SIEMENS. The licenses listed below define the warranty, if any, from the authors or licensors of the Open Source Software. SIEMENS specifically disclaims any warranties for defects caused by altering any Open Source Software program or the product's configuration. You have no warranty claims against SIEMENS in the event that the Open Source Software infringes the intellectual property rights of a third party. Technical support, if any, will only be provided for unmodified software.
