

Executive Biography – Dr. Johannes Milde

CEO Siemens Building Technologies

SIEMENS

Dr. Johannes Milde was appointed CEO of the Siemens Building Technologies Division in 2008. Based at International Headquarters in Zug, Switzerland, he is in charge of expanding the Division's leading position in the building automation as well as the fire safety and security industries.

Mr. Milde joined Siemens Building Technologies in 2004 as Head Division HVAC Products and became a member of the Division's Executive Board in 2005 and Group President in 2007.

Mr. Milde has over twenty-five years of proven executive leadership experience, which he gathered at various leading engineering and technology companies in Switzerland and Austria, including organizations such as ABB, Landis & Gyr, Zumtobel and Siemens Metering.

Before working in the private sector, he was a research assistant at the Department for Electrical Engineering and Information Technology of the Rhine-Westphalia University of Technology in Aachen, Germany.

He graduated as a computer scientist from the University of Technology in Aachen, where he subsequently earned an engineering doctorate.

Johannes Milde was born in Nettersheim, Germany, on November 11, 1952. He is married and father of two adult children.
